This is like youth group on steroids!
This is why you need to come:

- 1.) It's a deeper study on some the best Christian books ever written! It will be info that you've been wanting to learn about! We will begin by going over a book by Francis Schaeffer, "How Should We Then Live?" We will watch this crazy & wild DVD every week and then discuss it. Comes with this cool student study guide.
- 2.) It's leadership training as well. This is gonna be alot like L.I.T. (Leaders In Training). We will offer service opportunities & challenge you more in your walk.
- 3.) It will be tons of fun! Hanging around other committed Christian students will challenge you to walk the talk, and be encouraging & refreshing to all who come.
